

# DANCE

(c) T. Cooper (2000)

## Verse 1

Let's dance

Let's praise His name with dance

Make movement to our God, unto our Lord

Let's shout

Let's lift our voice and shout

In freedom and with power, a sound of joy

Let everything with breath now praise the Lord

Let all who know the truth now praise the Lord

## Verse 2

There's life

He's made us now alive

We by His Spirit cry, 'Abba Father'

Let's sing

A love song to our King

The song of the redeemed, for we are grateful

Let everything with breath now praise the Lord

Let all who know the truth now praise the Lord
